

Date : 2th June 2021

Bhautik Badal

Day -7- Report **(Work Summery)**

INTERNSHIP at AkashTechnolabs

❖ Day-7 : What we have learnt ?

- In today's session we created project and app.
- After that we run our server and make migrations.
- And we added urls to the url.py files.

✧ This Internship is Task Based Internship. So at the end of this session we got one Task.

❖ Tasks :-

Print Hello_wolrd using Djnago.

❖ Output :-
